Re: Status of 1992 Land Survey, Native Asphalt Company, Cameron
#1, S/047/036, Uintah County, Utah

Dear Mr. Lindsey:

The Division has not yet received any information from Native Asphalt Company regarding the outcome of the land survey which was to have been performed in the spring of 1992. The Division last brought this matter to your attention in a letter dated February 8, 1993 (copy enclosed). A sufficient amount of time has passed to allow Native Asphalt Company to resolve the survey issue and provide the Division with the required information.

Please provide a written response to this office regarding the status of this matter, within 15 days from your receipt of this letter. Failure to provide a response within this time frame will force us to issue a Notice of Non-Compliance and/or a Notice of Agency Action. This could result in appropriate enforcement action by the Division or Board of Oil, Gas and Mining. We hope this course of action is not necessary. Please respond in a timely manner and help us resolve this outstanding concern.

If you have any questions regarding this letter please contact me or Tony Gallegos of the Minerals staff.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
